

Official National Walleye Tour (NWT) 2024 Rules (Jan 19,2024) –

THESE RULES ARE REVISED FOR 2024 DO NOT ASSUME, PLEASE READ EVERY LINE.

Strict adherence to the following rules is required by all contestants. Additionally, it is suggested that co-anglers help share fuel expenses each day of competition to help offset the high cost of boat operation. NWT also recommends the use of livewell additives to help promote the healthy release of fish. In the event of an emergency, please call 911 first and then notify the tournament director ASAP.

1. Official Rules, Safety Regulations, Interpretation & Enforcement: Interpretation and enforcement of these rules shall be left exclusively to the Tournament Director whose decisions are final in all matters and are not subject to appeal.

All contestants, Pros and Co-anglers are expected to know the complete rules, regulations, and understand them and to help in the marshaling of the field. All contestants agree to report any rule violation directly to the tournament director immediately upon discovery. Failure to report known violations immediately by an NWT angler is a rules violation in and of itself and may be cause for penalty. **ALWAYS CHECK EACH SPECIFIC EVENT'S FACT SHEET FOR THAT EVENT'S RESTRICTIONS OR DETAILS.**

It is 100% each Pro angler's and Co-angler's responsibility to know the applicable states laws and regulations that cover the waters you intend to fish in, whether in a tournament or not. The fact that you have entered into a competitive event does not change that legal requirement for you to know and understand the laws and regulations. As any fish and game enforcement official will tell you, ignorance of the law is not an excuse.

All anglers will be required to execute a verification affidavit for each day's fishing pertaining to two basic questions.

1.) We caught all fish legally today

2.) I personally witnessed NO rules violations today

If the answer to these two questions is True or Yes and everything is OK. (Pro & Co-Angler) separately will initial an affidavit verification form in the weigh in line. If the answer to either one is NO or False or if the angler needs to speak with the tournament director for any reason, the angler will make an X next to their name on the form or simply do not sign it. Say nothing until talking directly to the Tournament Director immediately after the weigh in is over that day. It is CRITICAL the tournament director hears the question directly and understands the context of the question before it is interpreted. NO ONE can do this but the Tournament Director. Anyone who does NOT initial or complete their daily affidavit (If you weigh fish or not) will not be allowed to go out again until cleared by the Tournament Director.

As has always been the case. **In the event of a rule violation**, officials may impose such sanctions, as deemed appropriate including but not limited to; Fines, forfeiture of cash, awards, prizes, points, weight or eligibility. In all or in part, by fish, by day or overall, disqualification of day's catch, total catch, prohibition from future participation or any other punishment befitting the violation as determined and applied solely by the Tournament Director.

2. Participation, Eligibility & Payback: Payback includes cash and prizes and is based in part on the number of paid entries in each event. National Walleye Tour (NWT) participants must be active members of NWT or join/pay the membership at time of registration for your first event each year. Memberships are non-transferable and non-refundable and expire on 12/31 each year. All credit card transactions will incur a 3.6% credit card fee which is non-refundable.

Participation is open only to members of NWT who are 16 years of age or older. Any person under the age of 18 (19 in Alabama and Nebraska) must also have the signature of a parent or legal guardian on the liability release. Each participant must complete, agree to and submit an official entry form with payment by the due dates. During any official tournament days, no contestant may use a boat unless they have documented proof of insurance coverage that includes property damage, excess medical, watercraft liability and/or contractors' insurance having reasonable limits. Said insurance must cover any and all injury and/or damage incurred in connection with the event. Proof of satisfactory coverage must be immediately available upon request. Random checks may be conducted. To ensure effective and timely communication between NWT and the anglers, each angler must provide NWT with their primary cell phone number, primary email address and home phone number (if applicable). If there is a change in a participant's primary cell phone number or email address, it is the participant's responsibility to make NWT aware of the change. If a participant does not have an email address that they check on a regular basis, the participant may provide an email address for a significant other or manager with whom they are in regular contact. Participant

cell phones must be able to receive text messages from NWT.

NWT reserves the right to refuse participation, (including championships) to anyone for any reason including, but not limited to, suspension, disqualification or banning from this or other events, criminal behavior, felony convictions, or any unsportsmanlike behavior that would reflect dishonorably on our sport. All contestants must have a valid fishing license, produce it upon request and follow all state and federal regulations for the waters they fish.

3. Pro and Co-angler Entry & Pairing: All Pro-anglers and Co-anglers will make entry separately and independently into the events of their choice. **Correct SSN#'s is required at time of entry, no exceptions. Single entry** per-event fee is \$1,750 for Pro's/\$500 for Co's. Those wishing to enter all 4 events at once and gain priority entry have a different payment schedule as defined below. Pro payout at each event is over 100% in cash and prizes, (Final payouts will be announced at the tournament briefing.) Co-angler will have a payout structure as well, but Co-anglers primary responsibility is to learn and to serve as a marshal and as such **MUST** know the rules and report any violations directly to the tournament director. **There are NO refunds once confirmed into an event.**

Pro-Anglers – **Priority PRO ANGLER** entry ONLY - Those who enter and pay for all 4 events at once under the below terms starting **9am CT Monday Feb 5, 2024** at 9am and before **4pm CT Friday Feb. 16, 2024** will gain entry before all other Pros that enter less than 4 events at once. As such should be protected in most field sizes (not guaranteed) from being sent home if the field is uneven due to being the last to person to register, as long as there are anglers entered who signed up for the event under general registration. The priority status list also will be in order by date and time stamp. Priority status will be forfeited if for any reason a Pro decides NOT to or cannot fish all qualifying days of all four qualifying events for any reason voluntarily or otherwise. For Pros who wish to sign up for all four (4) qualifying events registration opens at **9am CT Monday Feb 5** and will remain open for 12 days until **4pm CT Friday Feb. 16**, ONLY to those PRO anglers who want to sign up for all 4 events. Pros who choose to sign up for all 4 qualifiers to gain priority registration will pay only one entry fee of \$7,000.00. This is NOT a per event fee it is \$7,000 entry fee to fish all four and gain priority status and there are (2) two payment options: Pay the full \$7,000 at once or make 3 payments (plus 3.6% CC fees if paid with a CC card) as follows: A deposit of \$3,500 must be made at the time of priority registration before it closes Feb 16th at 4pm CT to secure your Priority Entry Pro spot. Then the two equal payments due before close of normal registration payment deadlines for Qualifier #1 & #2 of \$1,750 each.

General registration for PRO entries will open **9am CT Monday Feb 19, 2024** to all other Pro entries and will cost \$1,750.00 per event to enter. **Beginning Monday Feb 19**, you may enter 1,2,3, or even 4 events one at a time using this method but **will NOT** have priority status. **BE ADVISED** if you wish to limit the chance of being sent home from the event after arriving on site if the field cannot be evened, then **register EARLY** as regardless the last person entered at each event by time stamp is the first to go home if the field cannot be evened to an equal number of Pro and Co-anglers on site. **So, the choice is yours to make - REGISTER EARLY.** There are NO refunds once confirmed in unless officials cannot pair you onsite and send you home. **No exceptions.** All entries will be based on the date/time they were marked complete and paid except as otherwise noted in these rules. With a verifiable emergency the tournament director may at his sole discretion allow a single event entry fee to be transferred to another 2024 event. Pro Priority status entry fee is \$7,000 for the season and NOT per event and therefore cannot be transferred in whole or in part.

Co-Anglers – NWT will turn on “Standby Status” Co-Angler registration for Co-anglers at **ANY** time the number of Co-angler entries reach the projected PRO Angler entries for that event. During “Standby Status” Co-anglers may still continue to register and secure your place in line during the applicable dates and will be time stamped in order, but no payment will be collected online if “Standby Status” is turned on until you are confirmed in. Those Co-anglers who enter and pay for all 4 events at once under these terms will gain priority entry as long as there is a pro to match you with, before all other Co-anglers that enter less than 4 events at one time and are better protected in most field sizes (not guaranteed) from being sent home if the field is uneven due to being the last to person to register as long as there are enough Pros and other anglers entered who signed up for the event under general registration. Priority status will be forfeited if for any reason a Co-Angler decides NOT to or cannot fish all qualifying days of all four qualifying events for any reason voluntarily or otherwise.

Priority entry ONLY for Co-anglers who wish to sign up for all four (4) qualifying events opens at **9am CT Monday Feb 19, 2024**, and will remain open for 5 days until **4pm CT, Friday Feb 23, 2024**, ONLY to those Co- Anglers who want to sign up for all 4 events at once. Co-Anglers who choose to sign up for all 4 qualifiers to gain priority registration will pay only one

entry fee of \$2,000.00. This is NOT a per event fee it is \$2,000 Priority entry fee (plus 3.6% CC fees if paid with a CC card) to fish all four and gain priority status and there is only this one (1) payment option to secure your priority entry.

General Co-Angler registration for individual events (likely standby list) will open at **9am CT Monday Feb 26, 2024** to all other Co-angler entries and will cost \$500.00 per event to enter. During general registration you may enter 1,2,3, or even 4 events one at a time using this method but will NOT have priority status. **BE ADVISED** if you wish to avoid a chance of being sent home from the event after being confirmed in and arriving on site if the field cannot be evened, then register EARLY as regardless of status the last person entered at each event by time stamp is the first to go home if the field cannot be evened to an equal number of Pros and Co-anglers on site. **Once Co-angler entries reach a point that exceeds expected Pro Angler entries, Co-anglers will be put on standby status when they register, and entry fees will NOT be collected until confirmed in.** Entry timelines will still apply so again register early. **So, the choice is yours- REGISTER EARLY.**

There are NO refunds once confirmed in unless officials cannot pair you onsite and send you home. No exceptions. All entries will be based on the date/time they were marked complete and paid except as otherwise noted in these rules. With a verifiable emergency the tournament director may at his sole discretion allow a single event entry fee to be transferred to another 2024 event. Co-Angler priority status entry fee is \$2,000 for the season and NOT per event and therefore cannot be transferred in whole or in part.

All anglers are highly encouraged to enter online at NationalWalleyeTour.com. Entries may also be made by mail, 5998 N Pleasant View Road, Ponca City, Ok 74601, or by phone (580-765-9031.) ALL entries paid by credit card will incur a non-refundable 3.6% CC fee. ALL entry types including mailed entries, and payments must be received by the deadline date(s) or the entry closing date on Friday two weeks prior. You are NOT entered until you are paid in full. If CO-ANGLER mailed/faxed entries are received **BEFORE** Priority registration OPENING dates/times they will be returned to sender. **If, you use mail, track your shipment and MAIL to make sure it arrives on time we must receive it in hand before the closing deadline.** A fee will be applied to all declined checks. Do not make entry by more than one method. Once entered into a tournament you will immediately receive an email invoice with links to important details. It is your responsibility to confirm receipt of entry. If you do not receive the email confirmation within 2 hours of entry, call the office at 580-765-9031. Tournament official reserve the right to shorten or extend the entry deadlines at any time.

Angler Advantage (AA) is an OPTIONAL payout bracket anglers can choose to get into if they wish. An additional \$250 (pro) or \$100 (co-angler) is the OPTIONAL AA fee in addition to the standard entry fee and will be 100% cash payback minus CC fees. It is payable only to those anglers who pay into it. If you do not understand how AA works, ask an official before signing up. All entry fees including AA entries must be made before entry registration closes on Friday 2-weeks prior to the event, you can pay it online or call the office at 580-765-9031. **Anglers Advantage entry's CANNOT be paid on-site.**

No refunds will be made, or credit extended for any cancellation by an angler. Disqualification from a tournament for any reason will result in forfeiture of entry fees. No refunds or credits are extended to anglers that choose not to fish due to inclement weather, mechanical issues or unforeseen circumstances. Anglers always have the option to fish close by on a kicker or trolling motor to salvage what points they can.

Pairings - The field will be evenly paired if at all possible. The last person registered Pro or Co will be the first to go home if the field cannot be evened on site. **REGISTER EARLY IF YOU DO NOT WISH TO RISK THIS THE CHOICE IS ENTIRELY YOURS.** Pros and Co-anglers will be paired by random draw. Contestants are expected to compete every day for which they are qualified; failure to do so may result in ineligibility to compete in future NWT tournaments. All contestants or their representatives must contact their assigned partners following the pretournament meeting. Partners should advise each other of their respective lodging and phone numbers and establish a meeting time and place away from the boat ramp for the following morning's takeoff. Again, the last person entered is first out if the field is uneven. The tournament director, at his sole discretion, may reassign partners prior to takeoff for any reason.

4. Off-limits, Practice, Information Exchange, Pre-Tournament Meeting & Competition: Competitors must be paid in full (Entry fees due, AA fees and membership dues) the Friday, 2 weeks before each event to participate. Competitors must be at the launch ramp and no longer fishing, getting off the water by 3pm the evening before the 1st day of competition for each qualifying event. Tournament officials reserve the right to extend or shorten this deadline.

After this time participants are prohibited from fishing or pre-fishing on tournament waters except during designated tournament hours. Participants must stay off tournament waters before and after tournament hours except to navigate to and from the check-in site and launch facilities. If repairs and/or an equipment test-run are needed on the water without a sponsor service tech on board then an NWT official must give pre-approval before getting on the water for testing.

Qualifying events will have (2) scheduled competition days with a full field fishing both days. Pros and co-anglers fish together for a combined daily boat weight, and each will carry that weight forward. Winners determined by heaviest cumulative weight for all days fished.

In the event severe weather threatens, tournament waters may be altered or restricted or a day of competition canceled. The Tournament Director in his sole discretion may or may not add only one (1) blow day depending on location, permits and availability. If a blow day cannot be added and conditions dictate that we are unable to finish, the results will be based on days fished.

NEW for 2024 with input from NWT Pros there will be an official OFF LIMITS and no info period for the NWT Championship. Tournament waters for the NWT Championship will go off limits immediately following the conclusion of the last regular season qualifying event. There will be (5) allowed practice days immediately prior to the Championship as follows; Friday Saturday, Sunday, Monday All Day, and Tuesday until 12 noon pm (see above you must be at the ramp off no longer fishing by 12 noon pm on Tuesday before the Championship). During this time NWT anglers may ONLY practice on allowed practice days with another NWT angler confirmed into the championship (pro or co-angler) or an immediate family member living in the same household that is NOT an expert on the tournament waters, no one else. Nor may an NWT angler buy or barter a fishing location and/or seek any information for the purposes of locating or catching fish from anyone during the off-limits period or from anyone who has been on the championship waters during the off-limits period and/or who is NOT entered into the event during the allowed practice days. Tuesday from 12 noon until the start of registration Tuesday evening will be Media Access Day. Media Day details will be listed on the event fact sheet. The championship event will be a three-day event with the full field of Pros and Co-anglers fishing the first two days and the final 10 Pros and Co-anglers fishing the final day. Winners determined by heaviest cumulative weight for all days fished. A blow day on either of the first two days will be lost. The top 10 will fish the final day of the championship if it is at all possible and safe, even if the waters have to be altered or restricted.

Information Exchange - The purchasing of, or bartering for, information about locating or catching fish on tournament waters, including but not limited to GPS waypoints (other than through commercially available sources) and the hiring of fishing guide services is not permitted 30 days prior to first tournament day of the event.

During any posted off-limits period, Championship allowed practice days or any competition days, Anglers may not receive information about locating or catching fish on tournament waters nor follow a non-contestants boat or participate in the placing of markers by non-contestants or the practice of "hole sitting" by anyone. Co-anglers who share a pro partner's fishing locations with another contestant will be disqualified along with the contestant requesting and/or using the information. On cut days, once the cut is made, anglers still fishing cannot get information or assistance from anglers who were cut.

During competition hours from takeoff until check-in, all on-water communication by contestants for the purposes of locating or catching fish is strictly prohibited. BY ANY MEANS (excluding anglers in the same boat).

The use of communication devices, including but not limited to, cell phones, texting, marine radios, walkie-talkies, CBs, etc., during tournament hours for the purpose of locating or catching of fish or discussing fishing in any way is strictly prohibited. No exceptions, this includes communication with 3rd party camera or 3rd party media persons. Communication devices may only be used in an emergency (severe weather, breakdowns, etc.) or to communicate with lockmasters about locking or with the tournament officials. If an emergency call does occur the competitor involved MUST contact the tournament director immediately and self-report the emergency call. Pro competitors are allowed to use smart phones for global maps, weather, power generation, tidal charts, notes, etc. During competition days, anglers may not log onto websites or participate in social

media with the intent of gaining a competitive advantage.

Flights (including Drones) over tournament waters are not permitted 30 days prior to the first tournament day, other than as a ticketed passenger on a commercial airline flight.

On-site registration and the rules briefing/pairing meeting - On-site registration and rules briefing/pairing is mandatory. Check each event fact sheet for exact details. Each contestant should receive an entry verification with dates, time, and location of that meeting. Please follow these directions for each event. If you do not receive this information, it is your responsibility to contact us and gather it. Contestants not present or represented for pairings may forfeit their entry fee and not be entered in the tournament.

In a verifiable emergency an angler **MUST** request permission from the tournament director to send a person 16 years of age or older to represent them. If permission is granted, non-contestants can represent one person; contestants can represent themselves and one other person. This representative must attend the full meeting to meet your partner, exchange full contact info, and gather all details (flights, takeoff/check in times, boat #, off-limits, size & creel limits, and exact location to meet prior to takeoff. Any contestant who does not attend in person or uses a representative, gives up any claims of lack of knowledge on any subject or rule. Otherwise, if an angler (or his pre-approved representative) arrives 15 minutes or more late without approval they will be removed from the event and forfeit all entry fees.

5. Safety: Each boat passenger must wear a US Coast Guard-approved **chest-type** life preserver fully zippered, strapped and snapped securely anytime the boat is on plane. Inflatable PFD indicators should be checked daily. Inflatable PFDs are allowed if U.S. Coast Guard regulations are met. **NEW 2024** - Depending on the type and model of inflatable the Coast Guard now requires that Inflatable PFDs be always worn to be counted and cannot be taken-off, unless there is an equal number of non-inflatable Coast Guard approved PFDs on board readily accessible. **Therefore**, Pros must carry a minimum of two (2) Coast Guard always approved chest-type NON inflatable life preservers on board to be legal in case someone in the boat takes off an inflatable PFD they are wearing, even momentarily. Federal law now requires any vessel under 26 feet to have an operational engine shut off device and that it be attached to the driver when the vessel is on plane.

Officials may restrict or alter tournament waters and reserve the right to delay or cancel the start of an official tournament day because of bad weather or other factors that would endanger the safety of the competitors. In the event of lightning, severe weather, limited visibility or any unsafe condition, participants should remove themselves from competition and seek safety or shelter until it is safe to continue. Participants may not leave their boats during tournament hours except in case of emergency. Each boat must have a U.S. Coast Guard rating plate attached to the boat by the manufacturer if required. The horsepower rating of the outboard engine must not exceed the rating specified on this plate. Changing or altering standard factory motor parts to increase horsepower over factory rated horsepower is forbidden. Each contestant agrees to submit their boat and/or motor to an inspection, if requested by NWT.

At the sole discretion of the tournament director, tournament days or waters may be altered, shortened, moved, postponed or canceled due to unsafe weather, water or other concerns/conditions.

6. Sportsmanship & Code of Conduct: All participants will conduct themselves in a sportsmanlike, courteous, safe and ethical manner at all times maintaining professional demeanor in public and in communication with staff, anglers and officials. Any unfavorable conduct, speech or action by a participant in our efforts to promote sportsmanship, clean waters and conservation, can be grounds for fines or disqualification. Every competitor is expected to participate in the marshaling of the field to help maintain the highest integrity of competition. Use of or possession in the boat of alcohol or marijuana/cannabis products, ("medical" or otherwise) or any mind-altering drugs by any participant during the official event or tournament days or in our weigh-in process area and/or any use by the final day designated "leaders" until any polygraph examinations are complete will not be tolerated and shall be cause for disqualification. Any incidents observed during tournament hours should be reported directly to the Tournament director for investigation. Any violation of these basic sporting principles may be deemed cause for disqualification. In case of conduct not complying with these standards, NWT shall have the right at its sole discretion to refuse an application to compete, to deny a confirmed application to compete by returning the entry or to disqualify or fine a contestant.

Angler Code of Conduct – ALL anglers participating in any NWT event shall observe this code of conduct and the applicable

rules for the specific event in which they are participating. Any angler who violates any of the provisions of the Sportsmanship Rules or the Angler Code of Conduct may be subject to fines, reduction of Angler of the Year points, forfeiture of tournament winnings, suspension from competing in individual NWT-sanctioned events, permanent ban from competition or any penalty combination deemed appropriate by NWT Officials or as follows.

Anglers shall, at all times, conduct themselves in a professional manner that demonstrates integrity, honor and respect toward fellow competitors, tournament staff and the general public and does not reflect unfavorably on NWT, its members, officers or representatives, tournaments hosts or sponsors. Anglers are frequently in the public eye and are considered role models by young people; therefore, it is imperative that tournament competitors demonstrate good sportsmanship in fishing and clean language in public. Sportsmanship is defined as fair play, respect for opponents and polite behavior. The following are just some of the examples of unacceptable behavior by competitors in NWT events that will be cause for penalties.

- Use of foul language or inappropriate messaging in the weigh in area, line, on camera, on stage or in view of the public.
- Heated public disagreements with NWT officials, other competitors, fans or volunteers during an event.
- Public attacks through media, including social media, upon the integrity of NWT, NWT rules or officials.
- Public comments that an angler knows, or should reasonably know, will harm the reputation of NWT, NWT officials or its sponsors or other NWT anglers.
- Displays of anger and/or displeasure for reasons related to fishing competition where members of the public, including other anglers, spectators and the media, are present.
- Publicly questioning or criticizing tournament officials or official decisions, rulings or penalties.
- Abuse (physical, verbal, threatening or slanderous) of tournament officials, volunteers, fellow competitors or others connected with a NWT event of any kind, including to person or property or with comments on social media.
- Offensive or slanderous comments with racial, cultural or sexual overtones regarding event officials, personnel or anglers.
- Intentionally interfering with a fellow angler's ability to compete.
- Any verifiable disqualification, suspension or other disciplinary action imposed by any tournament or fishing organization may result in disqualification from competition and rejection of an application for participation in an NWT tournament.
- Chemical substance addiction or abuse, conviction of a felony or crimes involving moral turpitude, may be grounds for disqualification from competition and for rejecting any application for participation.
- When an NWT angler is found to have violated the Angler Code of Conduct the following escalating scale of fines will be imposed, in addition to any other penalties that may be deemed appropriate by NWT:
 1. First offense Not less than \$250 nor more than \$2,500 fine.
 2. Second offense Not less than \$1,000 nor more than \$2,500.
 3. Third offense Not less than \$2,500 nor more than \$10,000.
 4. Fourth offense is unlimited, including fines and possible suspension or ban from NWT events. The numbers of offenses in the list above refer to violations over the course of an angler's career. Code of Conduct violations will expire 5 years from the last recorded violation date. NWT reserves the right to automatically withhold any fines from any payouts due. Otherwise, non-payment will prevent the angler from fishing another NWT event until payment is paid in full. Therefore, any fines accessed after a payout is made are required to be paid in full within 30 days or before entry into the next NWT event will be allowed, whichever is first.

Co-Angler Obligations: Co-Angler are required to have full knowledge of the rules and regulations covering the body of water just as Pros are and will also serve as marshals in the field. Any rules violation must be immediately reported to the tournament director. Pros and Co-Angler are to be honest and timely with catch and weight reports. Any competitor who, in the judgment of tournament officials, advises or encourages a Co-Angler to neglect or disregard a rules violation or falsely report catches or weights may be penalized. Co-anglers are not allowed to record GPS waypoints or use any type of handheld GPS during any competition day. Use of cell phones during competition unless directed by tournament officials is prohibited. Co-Anglers are allowed to carry still cameras, personal smart phones/tablets. Co-angler photos/videos should be discussed with pro partners regarding backgrounds, landmarks, etc. and cannot be posted until after the tournament is complete. **Registered Co-Anglers are HIGHLY encouraged to bring a personal PFD to each event to ensure proper fit meeting the guidelines in rule #5 above.** Co-Anglers, at their acceptance, may be asked to text catch reports or location data to NWT tournament officials from their personal cell phones. Co-Anglers are not allowed to text information to anyone other than an NWT official or tournament staff, unless in an emergency situation.

7. Tackle, Equipment, Inspections, Permits & Permitted Fishing, Baits, Legally Hooked Fish:

Participants must possess all necessary fishing licenses, permits, required AIS inspections if required by law, all tournament boats must be cleaned of all harmful exotic aquatic species CLEAN, DRAINED and DRY prior to entering the water and upon departure from tournament waters. All anglers must commit to following all regulations. All state rules regarding fishing and boating will be observed unless more stringent regulations are specified at the rules meeting.

No more than two fishing rods with one lure each, or one fishing rod with two lures per angler may be used at a time unless the state or lake limit is more restrictive, in which case the state or lake limit will prevail.

Fishing is defined as having a lure attached to a line with the lure in the water. All fish must be caught alive and in a conventional sporting manner as defined by state statute or by tournament officials. Live bait may be used where it is legal. Trolling as a method of fishing is permitted. Any fish accidentally "foul hooked" must be immediately released. "Foul hooked" is defined as any fish accidentally hooked where the only embedded hook(s) is located anywhere behind the opening of the gill plate, unless state law is more restrictive than this interpretation, in which case state law will apply. Further any fish that is "visible to and specifically being targeted by" an angler (with or without the use of electronics) must be verified by the other partner in the boat that the fish was not foul hooked before being unhooked to be counted as a legal catch.

It is 100% each Pro anglers and each Co-anglers responsibility to know the applicable states laws that cover the waters they are going to fish whether they are entered in a tournament or not. The fact that you have entered into a tournament does not change that legal requirement for you to know and understand the rules.

An event official or NWT approved person may approach or board your boat at any time for any reason, refusal to allow an approved official on board or any efforts to impede their work may result in disqualification.

8. Boat/Motor, Safety Equipment, Operation and Procedures: Each boat MUST be given prior to each day's start, a livewell and SAFETY INSPECTION check by officials, also a boat marker, which MUST remain in or on the boat and turned in during check-in at the end of each day. NWT reserves sole discretion to assign boat numbers in any manner.

There shall be one official safety checkpoint for checkout in the morning / check-in in the afternoon. At the time of checkout/check-in all competitors and their boats shall be in full compliance with all rules set forth by officials. At check-in all boats shall identify themselves to the check-in official and proceed immediately to the designated weigh-in area. **YOU MUST CHECK-IN and EXECUTE YOUR DAILY VERIFICATION AFFIDAVIT FORM EVEN IF YOU DON'T HAVE ANY FISH.** Failure to go through boat checkout in the morning or failure to check in at the check-in point in the afternoon will result in that day's disqualification. *It is each angler's responsibility to know what time they are due in and be in early enough and close enough to make 100% sure the timekeeper can verify you in on time.* All fishing must cease upon check-in.

Safe boating conduct must be observed at all times. As the captain/operator of a vessel the Pro Angler is solely responsible for the safe operation of it and for the safety of any and all occupants in it at all times. Participants must abide by all local navigation laws and avoid restricted areas at all times. All participants are required and agree to wear a Coast Guard-approved type III or greater CHEST TYPE personal floatation device anytime the boat is on plane **SEE RULE #5.**

The Pro angler has full control and responsibility of the vessel and will make all decisions regarding boat operations and waters to be fished. Pros must provide all presentation equipment such as downriggers, planer boards, side planers, rods, reels, bait, line and terminal tackle for their own use and the use of their co-angler partners. With the exception of two rods and reels, co-anglers are not permitted to bring tackle into their pro's boat without permission from the pro. We recommend that all participants successfully complete a boating safety course. Boating safety certification, or a "grandfather" exception, may be required in certain states. Boating safety courses are available online and should carry an endorsement by the National Association of State Boating Law Administrators or NASBLA

All tournament boats are required to have in their possession all Coast Guard-required safety equipment, including but not limited to approved CHEST TYPE personal flotation devices (SEE RULE #5 above), a type IV throw cushion, fire extinguisher, distress horn/flag/whistle, and display a boat marker/engine sticker (supplied by NWT). Great Lakes, Canadian border and some other navigable waters require flares. Tournament boats are required to have a functioning bilge pump and Federal law now requires any vessel under 26 feet to have an operational engine shut off device and that it be attached to the driver when the vessel is on plane.

A driver must be seated behind the steering wheel or at the tiller and in full control of the boat whenever the primary combustion

engine is in operation and in gear. In addition, a marine band radio is required. All boats must be propeller-driven and a minimum of 16 feet in length. All boats must be equipped with wheel or tiller steering; no other steering device will be permitted. No barges or similarly cumbersome craft will be permitted unless being used as an adaptive device. Boats must contain a properly aerated livewell space to maintain alive a limit catch of fish.

Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition. Fuel may be carried only in factory-installed (built-in) fuel tanks. Optional remote engine fuel tanks must be factory- or factory-authorized-dealer installed and be strapped or otherwise secured. Any additional fuel used during the tournament day must be purchased from a retail facility open to the public and pumped through a hose with a nozzle.

9. Permitted Fishing Locations: Tournament waters shall be established for each event. Each competitor must obtain this information from NWT. Fishing on tournament waters is permitted within the boundaries defined by the tournament director that are available to the public and accessible by boat from the tournament check out location except: **All NWT events will be US waters ONLY. All Canadian waters will be off limits to fishing.** An angler's boat may traverse through Canadian waters temporarily while navigating from one spot to another or for safety reasons, but NWT anglers may NOT fish in Canadian waters. Any additional boundaries or known restricted zones will be listed on the event fact sheet and/or announced at the mandatory rules briefing and may be further altered if needed.

Otherwise, contestants may fish anywhere on tournament waters available to the public and accessible by boat, except areas posted or otherwise designated as "off-limits," "no boats," "keep out," or "no fishing" (or similar language or markings intended to restrict public access) by NWT, local, state or federal officials, or within a contestant's first-marked fishing area. A "marked fishing area" which is defined as a 50-foot diameter area around a marker buoy first placed by the contestant on the same day of competition. The contestant placing the buoy must remain within the marked area and may leave only to play and land a fish. When limited out or not fishing, the buoy must be picked up. A "marked fishing area" may be navigated through if it restricts access to other fishable waters.

No contestant may "Buy" or "Barter" a fish or a fishing location. Only that water open to ALL public fishing accessible by boat from the tournament check out point will be considered tournament waters. Any water closed to public fishing will be closed to tournament contestants. All fishing must be conducted from the boat. At no time may a contestant leave the boat to land a fish or to make the boat more accessible to fishing waters. Contestants must leave and return to the check-in by boat. The boat must remain in the tournament waters during the tournament day. No tournament boat may be loaded on a trailer before the weigh-in the direct permission/instruction of the tournament director.

Any live release area established by the Tournament Director will be off-limits & will be announced at the Tournament Briefing.

The cutting of trees, bushes and/or logs after the start of the pretournament meeting and/or the removal of official local, state or federal barricades or property at any time to make an area more accessible by boat is strictly prohibited and may result in disqualification from the tournament. The use of cables, ropes, chains or any type of block and tackle system to maneuver a boat into fishing waters is strictly prohibited and will result in disqualification from the tournament.

10. Contestants Must Remain Together / Breakdown Instructions: Both Pro anglers and Co-anglers paired together must remain within sight of each other and must remain in boat at all times except in case of dire emergency, or for the momentary need for a restroom break, at which time all fishing must cease until anglers are back together if they wish their fish to be counted for the day. In the event of equipment failure or emergency, there are two permitted methods of returning to the check-in: (1) by both anglers remaining in their boat and being towed by water by another contestant or a designated rescue boat. (2) By one angler transferring the clearly marked fish to another boat as described above and proceeding directly to the weigh in. Only under these two conditions will a contestant's catches be counted. Contestants who elect to return to the check-in by any other means than cited above will forfeit their day's catch to that point in time of the tournament day. No one in a "tow, ride -in or rescue boat" is allowed to fish until after proceeding directly to weigh in site and all parties communicating directly with tournament officials. Arriving late, because of offering or needing assistance, even with the aid of a rescue boat, as the towed boat or the towing boat is still late, and all late or other penalties will still apply. No exceptions.

Both parties (the team with boat trouble and team lending assistance) should file separate incident reports with tournament officials. Any angler(s) involved in a breakdown "Ride In" that involves transferring fish in which an angler involved wins/places high in that event, in the Tournament Officials sole opinion, **WILL BE POLYGRAPHED.**

Any contestant returning to the check-in point will be eligible to restart and resume competition under the supervision of the tournament director or his designated tournament official. It is the sole responsibility of contestants to locate the tournament director to request a restart.

11. Late Penalty: Contestants who are not at the safety check-in point at the appointed time will be penalized 1 pound per minute, deducted from the total weight. Any contestant more than 15 minutes late will lose credit for that day's weight. There shall be no excuse for tardiness and in no case will a competitor be allowed to make up "lost time." Return time shall be defined as off-plane and boat number plainly visible to the official timekeepers. It is each angler's responsibility to know what time they are due in and be in early enough and close enough to make 100% sure the timekeeper can verify you in.

12. Scoring: Scoring is determined by the combined pounds and ounces of both contestants' catch during each tournament. Pro and Co-anglers fish together for a combined daily boat weight, and each carries that weight forward.

Walleye, sauger and saugeye will be weighed where permissible by permit or by state law. Species, length limits and bag limits of eligible fish will be set, listed on each event's fact sheet and announced prior to the start of each event.

The weigh-in limit will be five fish per boat unless the limit set by the tournament director or state or lake limit is less than five, in which case the limited listed on that events fact sheet will prevail. ANY extra fish in possession (if allowed by rule) may **NOT** be brought to the bump sink. **(Check each event's fact sheet for that event's details.)** All fish weighed must be kept in aerated livewells to keep fish alive and as fresh as possible for release. Any fish mauled, mashed, frozen, stringered, containing foreign or unnaturally placed matter to add weight or showing white gills, soft flesh or other signs of decomposition in tournament official's sole discretion will result in disqualification. All balancing weights, markers, buoys or attachments must be removed before fish are presented at the bump tank. Any attachments in the bump sink will result in a 1-pound penalty. Tournament officials will conduct checks for violations of this provision. In the event a competitor has in their possession more than the stated limit, officials shall cull, starting with the largest fish first, etc., down to the events stated limit.

Fish will be measured by a tournament official with fish's mouth closed and longest straight line. Only fish which measure the official length(s) shall be weighed in. Any fish presented for weigh-in which fails to measure the official length limits shall accrue penalties at the rate of one pound for each non-legal fish plus loss of that fish. Once a competitor's catch has been presented to officials, they may not add to, take away from or alter their catch in any way or return to their boat until that catch has been recorded. Each contestant's catch must be presented in an official weigh bag.

13. Catch & Release: An 8-ounce deduction will be made for each legal fish presented to the bump master for weighing that is determined to be dead. Every boat must have adequate livewell space, properly aerated to sufficiently maintain, in a healthy condition, a limit catch by competitors using the boat. NWT recommends the use of livewell additive and ice, in warmer water months to improve oxygen levels and promote a healthy release of fish into natural habitat. Tournament Officials shall have the sole responsibility for accessing any penalty points or for determining whether aeration and capacity is "proper and adequate."

14. Ties & Point Standings: Tie breakers are as follows. 1.) Most number of legal fish weighed, 2.) Most number of legal fish weighed alive, 3.) Heaviest single days catch, 4.) Second heaviest single days catch, 5.) Means selected by tournament director. However, no cash awards will be given to any zero weights. Ties for AOY will be broken by total weight for all 4 regular season tournaments combined, then number of fish for the year, number of live fish for the year, heaviest single days catch, second heaviest single days catch and means selected by tournament director.

Point Standings - 200 points are awarded to the winner of each qualifying tournament, 199 to 2nd, 198 to 3rd, etc. All anglers who receive weight credit will receive points. The top 40 pros and co-anglers from the final point standings qualify for the Championship. If the pro-angler and co-angler field is not even, we will continue down the points list until there is a full field of 40 boats.

Qualifying Tournament Winners -Once the above 40 field is set, NWT may at its sole discretion, add any NWT Pro or Co who wins a qualifying event during the season to that championship field of 40. If, a.) They are not already qualified and into it and b.) As long as that angler actually fished all days of all four regular season events. Then NWT will pull up the next highest angler in the pro/co standings as the case may be, to even the field if needed.

The NWT Championship will be a NO entry fee event for NWT Pro-Anglers. The Championship Co-Anglers will pay an entry fee of \$500 which will be paid back more than 100% in cash and prizes. Both Pros and Co-Anglers may get into the optional Anglers Advantage pots before the registration deadlines, if they choose.

Angler of The Year Points- Pro & Co-Anglers - All 5 scores minus any score penalties applied (4 qualifier points and the championship points) from a season will combine to award the AOY prizes.

15. Protests & Truth Verification Tests: RANDOM TRUTH VERIFICATION TESTS WILL BE GIVEN. An official written protest must be made with a tournament official within 15 minutes of the last flight check in time OR within 10 minutes of the last fish being weighed that day, whichever is latest. If you see a rules violation you should know and go directly the Tournament Director to report it. All contestants agreed to report any rule violation directly to the tournament director immediately upon discovery. Failure to report known violations immediately by an NWT angler is a rules violation in and of itself and may be cause for penalty as well. If a protest is found valid, the disqualified party may be required to pay all investigative costs. Tournament officials, in their sole discretion, reserve the right to consider rule violations discovered at any time for any reason, by any persons, before or after a tournament has ended and assess penalties for any past or future event including denying entry to compete. Following interviews with concerned parties or truth verification testing if required, a final ruling will be made. In the event rules infractions occur a penalty of the tournament officials choosing may be applied, and cash, prizes and awards must be returned if so requested.

Each participant agrees with submission of their entry form and by their participation in the event, to submit to a polygraph or voice stress analyzer test or Truth Verification Test, should they be asked to for any reason and to abide by its conclusion. Tournament officials shall have sole discretion to select scope, when, where and who shall administer such an exam. Participant will make themselves available at their own expense for testing as scheduled. In the official's sole discretion, refusal to submit to exam or failure to pass a truth verification exam will result in disqualification.

16. Insurance: Liability insurance with coverage of not less than \$300,000 per occurrence is required of all pro contestants in NWT tournaments. The Pro angler is solely responsible for the safe operation of the vessel at all times, and responsible for the safety of any passengers aboard. Said insurance must be issued by a reputable insurer and must cover all injury and/or damage incurred in connection with this Tournament and cover the dates of the event(s). Proof of insurance must be with the boat being used and must cover all passengers in the boat. Random checks will be conducted. Failure to provide proof of insurance when requested by the tournament director may result in disqualification.

17. Media Coverage: Contestants are required to comply with all Official NWT requests (including but not limited to video, still camera, access to boat and access to fishing area) made by NWT staff or Official NWT film crew throughout events. Official NWT camera or film crews are the same as tournament officials, competitors will treat them as such. NWT Camera crews are allowed to move in and out of your boats at any time, track you via GPS, etc. Refusing their requests is no different than refusing a polygraph test or an official NWT observer. Failure to coordinate with and accommodate the Official NWT film crew needs will result in disqualification of that and possibly future events.

Outdoor Team Works is the owner of all NWT events and holds the content rights to all photos and videos (live or recorded) that are captured at any NWT event, both on and off the water. During NWT events, NWT may give you a GPS tracker or mount a small camera in a participant's boat. These are not optional. The photos and video collected would be used at NWT's sole discretion for any purpose. All NWT Anglers are required to comply, even if the NWT Angler already has a personal camera mounted in their boat. Refusing to comply may result in a penalty. In-boat NWT Officials and camera operators will be allowed to operate these cameras.

Competitors private or any other Third-Party Media/Livestream. - On the final day only - Competitors are allowed to post one live stream on the final tournament day only to the public social media channel of their choice (Facebook, You Tube, etc.) No websites are allowed. Competitors are allowed to start the stream at takeoff and can stream all day until boat check in. However, if at any time the stream drops competitors are not allowed to reconnect and start the live stream again. Competitors must tag the National Walleye Tour on the streaming page. Be advised YOU (the person streaming the video) as well as the offender are responsible for any foul language or actions that would reflect poorly on NWT and in the Tournament Director sole discretion may be subject to penalty.

Still photos taken by an NWT Angler during tournament hours may be posted on social media and the Angler's website only after tournament competition hours are over. Pro anglers may record a short self-video of themselves without any aid of a 3rd party for promotional or marketing purposes during the day and send it to sponsors/post videos on social media profiles/the Anglers website. However, these CANNOT be posted until after tournament competition hours for the day are over. Be advised YOU (the person posting the pictures or video) as well as the offender are responsible for any foul language or actions that would reflect poorly on NWT and in the Tournament Director discretion may be subject to penalty.

3rd party media or camera persons or crews who are not official NWT Media/Camera persons MUST gain permission from the tournament director well before each and every event to gain approved media access and a written list of instructions before getting on the water to film NWT anglers either on practice day or tournament days. If an angler or group of anglers has arranged or agreed to their own personal media or camera operators, photographers, they too must gain the tournament director permission before beginning at each event. No 3rd party media or camera operators may film or use **drone** footage of or over any other general NWT competitors except as defined herein and must pull off the NWT angler they are filming and clear the way if an official NWT Camera boat shows up at any time. NO angler footage, video, recordings of any kind nor any information acquired by a 3rd party camera/media person that could assist anyone in any way in catching a fish, including but not limited to conversations, video, pictures or drone footage (if it is allowed at all) in any way connected with that event can be viewed by or discussed with any NWT anglers in any form or fashion until the event is completely over. If a 3rd party media person believes they have witnessed a rules violation they must immediately contact the tournament director and report it directly to the tournament director for his consideration.

NO on the water fishing photos or video captured by any personal media representative may be viewed by anyone until the event is over. General content from pre-take off, take off or weigh in footage may be shown publicly if desired. Anyone flying a drone must be federally licensed operator and have all required permits/permissions for the area. **Drones** are prohibited except by Official NWT Camera/Media persons during Tournament competition hours. NO private **drone footage** is allowed over general group of NWT anglers fishing that have not given their expressed permission or other NWT competitors during practice days or the tournament. Drone footage before each day's take-off or during weigh-in is allowed.

Personal media representatives once approved by the Tournament Director at each single event are permitted inside an Angler's boat during practice only. Personal media representatives are not permitted in an Angler's boat at any time during competition days. Personal media representatives are not allowed to communicate with anglers about catching or locating fish during the competition days at any time. Personal media representatives must do everything within reason not to interfere with NWT photographers, videographers and other NWT Anglers who are competing in/covering the event. At the event, NWT Angler's personal media representatives must follow the same rules as any media covering the event. Media coverage guidelines will be provided by the Tournament Director upon request of the media company. All NWT Anglers will be required to sign/acknowledge indicating they have read, understand and will adhere to these rules when they register for the event and again do so by their presence at the event.

18. Awards: Participants are responsible for all applicable taxes on all cash and prizes.

19. Captions: The captions at the beginning of each paragraph are intended to facilitate convenience in referring to the various rules. The captions are not part of the substance of the paragraph and should not be used in construction of any paragraph or of this overall set of rules.

List Everyone In The Boat By Name

I/We, _____
in consideration for permission to voluntarily participate in ANY event(s) or related activities conducted by but not limited to; Outdoors Team Works, LLC., Texas Team Trail, National Walleye Tour, The Bass Federation,(TBF), The Walleye Federation, (TWF) and all other affiliated circuits or events either jointly or separately, I/WE acknowledge, appreciate, and agree that: **The risk of injury, disability, death, loss or damage to my person or property from the activities involved in this program is significant, including the potential for permanent paralysis and death, and while particular rules, equipment, and personal discipline may reduce this risk, the risk of serious injury does exist.** If you have significant medical conditions you should consider not participating in the event. **AND**, I/WE have been advised by the event organizers and have had the opportunity to seek legal counsel with respect to the legal effect of this document; **AND**, I VOLUNTARILY AGREE TO PARTICIPATE, **AND KNOWINGLY AND FREELY ASSUME ALL RISKS, BOTH KNOWN AND UNKNOWN, EVEN IF ARISING FROM THE NEGLIGENCE OF THE ORGANIZERS** and/or, their officers, officials, directors, shareholders, agents, and/or employees, other participants, and sponsoring agencies/advertisers, their parent and affiliate companies and, if applicable, owners and lessors of premises and property used to conduct the event OR any others connected to the event (collectively "RELEASEES"), **AND I HEREBY ASSUME FULL RESPONSIBILITY FOR RISKS ARISING FROM MY PARTICIPATION.** I willingly agree to comply with the terms and conditions for participation. If, however, I observe any unusual or significant hazard during my presence, I will remove myself from participation and bring until it is safe to continue; **AND I, FOR MYSELF AND ON BEHALF OF MY HEIRS, REPRESENTATIVES AND NEXT OF KIN, HEREBY RELEASE, INDEMNIFY, AND HOLD HARMLESS "RELEASEES",** with respect to any and all damage, injury, disability, death, or loss to person or property, which I suffer or which I am found to have caused in whole or in part by my negligence or intentional misconduct or whether arising from the negligence of the RELEASEES, to the fullest extent of the law.

I agree to submit, by agreeing to this document, and by my participation in the event, to a truth verification test, and abide by its conclusion. Truth verification test(s) will be used at the organizer's sole discretion, and administered by its agents. I understand that failure to pass the exam as determined by the event organizers will result in disqualification. I also certify that the number given on all forms is my correct and unique taxpayer identification number.

If am an equipment or a boat operator, **I understand** as the captain/operator of a vessel or any piece of equipment that I am solely responsible for the safe operation of it and for the safety of any and all occupants in it at all times. **I expressly assume all risks associated with the event. If I am using a boat during the allowed practice or the event, I certify that I now have, or will obtain prior to the event, property damage, excess medical, watercraft liability and/or contractors' insurance having reasonable limits or defined in the rules. Said insurance must cover any and all injury and/or damage incurred in connection with the event.** Upon request, I will provide satisfactory evidence of said insurance. If I am participating in a youth event of any kind, I certify that training compliant with the Youth Safe Sports Act of 2017 has been made available to me this year. **I hereby wave my rights of privacy or publicity free and clear of any claims whatsoever** on participants part with regard to the event organizers unconditional right to use my name, voice, photographic likeness, video and biographical information and fishing tips and instructions in connection with any reproduction of same, through any media, medium, format or productions by the event organizers, their parent or affiliate companies, and those acting under their permission, anywhere, at any time. I shall not be entitled to receive any royalties, payments or other compensation in connection with such use. **I further agree that event officials' decisions will be final and binding. I understand and agree that the tournament officials reserve the right to reject my application for any reason whatsoever. Having fully acquainted myself with the rules and this agreement I agree to be bound by them. I have agreed to this contract either physically, digitally or by my participation in the event. I acknowledge this document has been made available to me multiple times, I understand it and agree to enter knowingly and voluntarily.**
